Household Budget Survey
2010/2011

STATISTICS PORTUGAL RELEASES PROVISIONAL DATA ON 2010/2011 HOUSEHOLD EXPENDITURES

The household annual mean consumption expenditure corresponds to 20400 euro according to the survey on household expenditures developed in 2010/2011. This outcome represents a nominal increase of 15.9%, and 5.9% in volume, when compared to the survey developed in 2005/2006. A proportion of 57.0% is associated to expenditures on housing (29.2%), transport (14.5%) and food and non alcoholic beverages (13.3%).
