

DELIBERATION NO 303 OF THE *CONSELHO SUPERIOR DE ESTATÍSTICA* (STATISTICAL COUNCIL)

CREATION OF AN AD-HOC SECTION FOR THE REVISION OF THE NATIONAL STATISTICAL SYSTEM'S LAW

Whereas the revision of the Law of the *Sistema Estatístico Nacional* (National Statistical System) has been considered one of the essential aspects leading to the modernisation of the statistical system, at the level of the evaluation of statistical activity undertaken by both the *Conselho Superior de Estatística* (Statistical Council) (hereinafter referred to as the Council) and independent consultants.

Whereas the use of administrative data for statistical purposes, which is essential to reducing the overall costs of statistical production and for increasing its quality, has been jeopardised by the mismatch between the principles established in the National Statistical System's Law on "statistical confidentiality" and the principles enshrined in more recent legal instruments, namely the Law on the Protection of Personal Data.

Whereas Banco de Portugal, within the scope of the powers entrusted to it by the Bank's Organic Law and in its capacity as member of the European System of Central Banks, performs statistical authority functions in fields such as monetary, financial, foreign exchange and balance of payments statistics, irrespective of this being reflected in the National Statistical System's Law.

Whereas, in the European Union, legal instruments have been approved establishing basic principles on the independence of official statistics producers, and whereas the Statistical Programme Committee has launched a discussion focusing on the need to update the legal basis of Community statistics.

Within the scope of its powers, as laid down in Articles 10 and 24 of Law No 6/89 of 15 April, and pursuant to its Rules of Procedure, **the Council, at its plenary session of 30 January 2006, decided:**

2. Pursuant to the Rules of Procedure of the Council, the agendas of restricted sessions and the respective documents shall only be made known to the other members of the Council simultaneously with the summons. If they so decide, the members who do not integrate the composition of restricted sessions may participate in these meetings, but must nonetheless communicate that intent to the Council Secretariat at least five days in advance.
